

ASSEMBLY AND INSTALLATION

INSTRUCTION

Please read carefully and save this instruction, as you may need them at a later date.

CAUTION

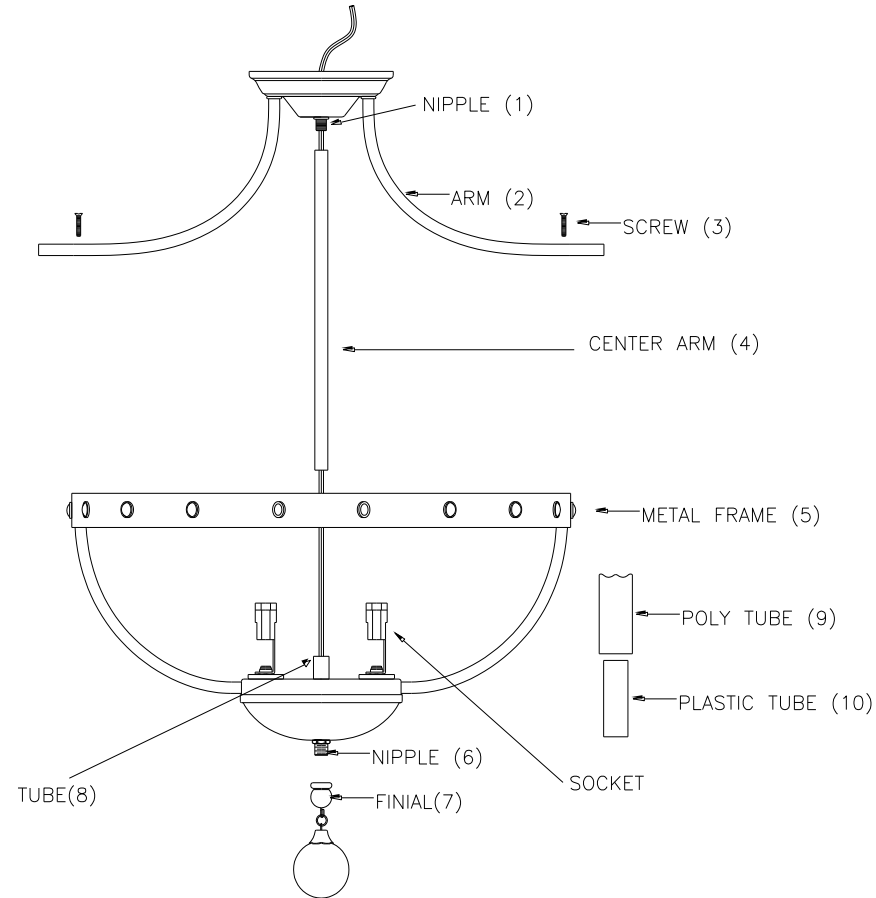

Turn off the main power at the circuit breaker before installing the fixture, in order to prevent possible shock. If you are unfamiliar with proper electrical wiring connections, please consult of a qualified electrician before installing

Installing Step:

Remove the fixture and the mounting package from the box and make sure that no parts missing in the box.

1. Thread the Center Arm(4) onto the Nipple (1) and Tube (8).
2. Make the Arms(2) aim at the Metal Frame(5), then use the screw(3) thread it tightly.
3. Thread the Finial(7) onto the Nipple (6) tightly.
4. Put the Plastic Tube (10) onto the Socket , then put the Poly Tube(9) onto the Plastic Tube(10).
5. Install bulbs: (Bulbs not including in the package)
(Please don't exceed the maximum capacity that recommended on the Sockets)

INSTALLATION IS NOW COMPLETED.
